Cow is in general use as a singular for the collective cattle, despite the objections by those who insist it to be a female-specific term. Although the phrase "that cow is a bull" is absurd from a lexicographic standpoint, the word cow is easy to use when a singular is needed and the sex is unknown or irrelevant – when "there is a cow in the road", for example.

Next you'll stuff your tail with Poly-fil batting. The density of your stuffing does determine how the tail will look. I stuffed this yellow tail tighter than the blue or green tails, and I noticed it stood almost straight out from the boy's back, where leaving the stuffing a little looser makes a more droopy tail.
